

ECLIPSE EA500 (PWC 610F) EASA B1

EASA B1 INITIAL MAINTENANCE

Our EASA B1 concentrates on the practical hands-on approach of maintenance. We will cover all applicable ATA chapters in system operation, troubleshooting, inspections and servicing. The course concentrates troubleshooting to the “black box” level. Actual hands-on practice will be conducted on the real aircraft in order to ensure a complete understanding of aircraft systems and “real-world” maintenance practices.

OTHER AVAILABLE COURSES:

- EASA B1 Practical (40 hours)
- Refresher (40 hours)
