

LEARJET 60

INITIAL MAINTENANCE

Our initial concentrates on the practical hands-on approach of maintenance. We will cover all applicable ATA chapters in system operation, troubleshooting, inspections and servicing. The course concentrates troubleshooting to the "black box" level. Actual hands-on practice will be conducted on the real aircraft in order to ensure a complete understanding of aircraft systems and "real-world" maintenance practices.

OTHER AVAILABLE COURSES:

- **Line Maintenance (40 hours)**
- **Electrical Interface (40 hours)**
- **Refresher / Aircraft Differences (40 hours)**
- **Engine Run (16 / 8 hours)**

CURRICULUM (80 hours)

SUBJECT (ATA)	HOURS
Introduction (1)	1
Flight Deck (2)	1
Structures (51-57)	2
Aircraft General (6-12)	4
Chapter 5 (5)	1
Aircraft Walk Around (12)	1
Electrical Power (24)	5
Indicating & Recording (31)	2
Hydraulic Power (29)	2
Landing Gear (32)	7
Flight Controls (27)	6
Pneumatic (36)	3
Air Conditioning (21)	6
Fire Protection (26)	3
Oxygen (35)	1
Ice & Rain System (30)	4
Fuel (28)	4
Lighting (33)	2
Navigation (34)	4
Auto Flight (22)	2
Communication (23)	2
Airborne Auxiliary Power (49)	3
Power Plant (71-80)	8
Equipment Furnishings (25)	1
Water and Waste	1
Examination / Review	4
TOTAL	80
