21) B2 Practical*

The EASA B1+B2 Theoretical maintenance training course meets all current EASA approval requirements for the BD-100-1A10 (Pro Line 21) aircraft type. This course covers all applicable ATA chapters to address aircraft systems' theory, operation, inspection, and servicing.

The theoretical course employs an interactive approach with instruction to the student. Upon successful completion, this class will certify aviation technicians for work on BD-100-1A10 (Pro Line 21) type aircraft.
