

FALCON

Falcon 50EX Aircraft

Line Maintenance

The line maintenance course is a condensed, 5-day session. It enables technicians to understand aircraft systems and servicing with an emphasis on practical experience to build aircraft maintenance skills.

Moderate troubleshooting is stressed and reinforced with hands-on sessions on available aircraft. Active student participation provides a better understanding of aircraft systems, leading to effective and efficient maintenance practices.

For operations with technician scheduling and cost limitations, this Falcon 50EX class creates a highly productive solution.

Course Length
5 Days (40 Hours)

FAA IA Approval Code:

C-IND-IM-151221-K-006-003

Other GLOBALJET courses available for your Falcon 50EX:
