

FALCON

**Course Length
10 Days (80 Hours)**

Falcon 900EX Aircraft

Line Maintenance

The line maintenance course is a focused, 10-day session. It enables technicians to understand aircraft systems and servicing with an emphasis on practical experience to build aircraft maintenance skills.

Moderate troubleshooting is stressed and reinforced with hands-on sessions on available aircraft. Active student participation provides a better understanding of aircraft systems, leading to effective and efficient maintenance practices.

For operations with technician scheduling and cost limitations, this Falcon 900EX class creates a highly productive solution.
