Global 5000 GVFD/6000 Aircraft

Aircraft-Specific Avionics

The Global 5000 GVFD/6000-specific avionics course covers the avionics package as it is installed in the Global 5000 GVFD/6000. Using an interactive teaching methodology, students will learn the details of enhanced simplified diagrams and wiring diagrams, along with the aircraft and avionics manufacturer's technical data. Training also includes fault isolation, troubleshooting, systems operation, and the use of applicable test equipment.

The course is designed for FAA/EASA/TC or other civil aviation authority approved technicians. All training is conducted to Level 3, according to ATA specification 104.

A good understanding of basic avionics is suggested. (GLOBALJET Services also offers 40-hour classes in both of the following: Avionics Essentials Part I and Part II).
