Hawker 750/800XP/850XP/900XP Aircraft

Line Maintenance

The line maintenance course is a condensed, 5-day session. It enables technicians to understand aircraft systems and servicing with an emphasis on practical experience to build aircraft maintenance skills.

Moderate troubleshooting is stressed and reinforced with hands-on sessions on available aircraft. Active student participation provides a better understanding of aircraft systems, leading to effective and efficient maintenance practices.

For operations with technician scheduling and cost limitations, this Hawker 750/800XP/850XP/900XP class creates a highly productive solution.
