Review .....	1.0

**TOTAL 16**

This course provides designated technicians with the necessary procedures and practices to perform a successful engine run session.

Our course combines both classroom theoretical instruction with practical, applied interaction with the facility's aircraft.

This economical alternative to costly, limited-access simulator training will enable the technicians to quickly become productive with valuable knowledge in this critical area.

*(\* ) A 2-day course is necessary for those students who have never taken the GLOBALJET Initial level course for the aircraft.*

**Course Length  
2 Days (16 Hours)**

FAA IA Approval Code:

C-IND-IM-130607-K-006-158
