Factory Authorized Training Provider

Beechjet 400-400A Initial Maintenance Course with PWC JT15D engines Aircraft

Initial Maintenance

This initial-level maintenance training course covers all applicable ATA chapters, addressing aircraft systems' theory, operation, inspection, servicing, and troubleshooting. Using an interactive approach of instruction, hands-on sessions will be conducted to enhance and expand on classroom training. The course examines LRU troubleshooting from a theoretical and functional perspective.

This comprehensive Beechjet 400-400A Initial Maintenance with PWC JT15D engines course is the ideal way to have technicians productively respond to transitions within the fleet.
