Transport
Canada

Initial Maintenance

This initial-level maintenance training course covers all applicable ATA chapters, addressing aircraft systems' theory, operation, inspection, servicing, and troubleshooting. Using an interactive approach of instruction, hands-on sessions will be conducted to enhance and expand on classroom training. The course examines LRU troubleshooting from a theoretical and functional perspective.

This comprehensive Gulfstream GV-SP (G 550) Initial Maintenance Course with Rolls Royce BR700-710C4-11 engines is the ideal way to have technicians productively respond to transitions within the fleet.
